

# Carry it all in style.

The attractive pleated exterior pockets are large enough to keep your essentials accessible, but the curved design of the pockets ensures that your things won't easily fall out.

The roomy interior features your choice of a large zippered pocket hidden in the lining, or a simple-to-sew patch style pocket.

## Supplies Needed:

Suitable fabrics include denim, home décor fabric, corduroy, linen, and cotton – pretty much anything that's not too stretchy and can be ironed will work just fine.

- 7/8 yard of focus fabric (used to make the exterior pockets)
- 7/8 yard coordinating fabric (this is the fabric that will show from behind the exterior pockets and will also be used to make the bag's straps)
- 7/8 yard lining fabric
- 1 1/3 yard 44/45" wide fusible fleece interfacing (I like Pellon brand #987) for a soft, quilted feel OR 1 1/3 yard of any 44/45" wide medium weight fusible interfacing for a stiffer feeling bag (I like Décor Bond)
- magnetic snap closure (you can find these in the bag making section of your fabric store)
- 12" zipper (optional)
- coordinating thread

Final Measurements: 17" wide x 14" tall x 4" deep; straps 26 1/2"

Pattern includes cutting instructions; pattern pieces are not included.

Easy to follow instructions for those with at least basic sewing skills.
